OUR STORY

Everyone wants to live in a comfortable and luxurious environment. But Interior Designers are either too expensive or offer an unsatisfying experience.

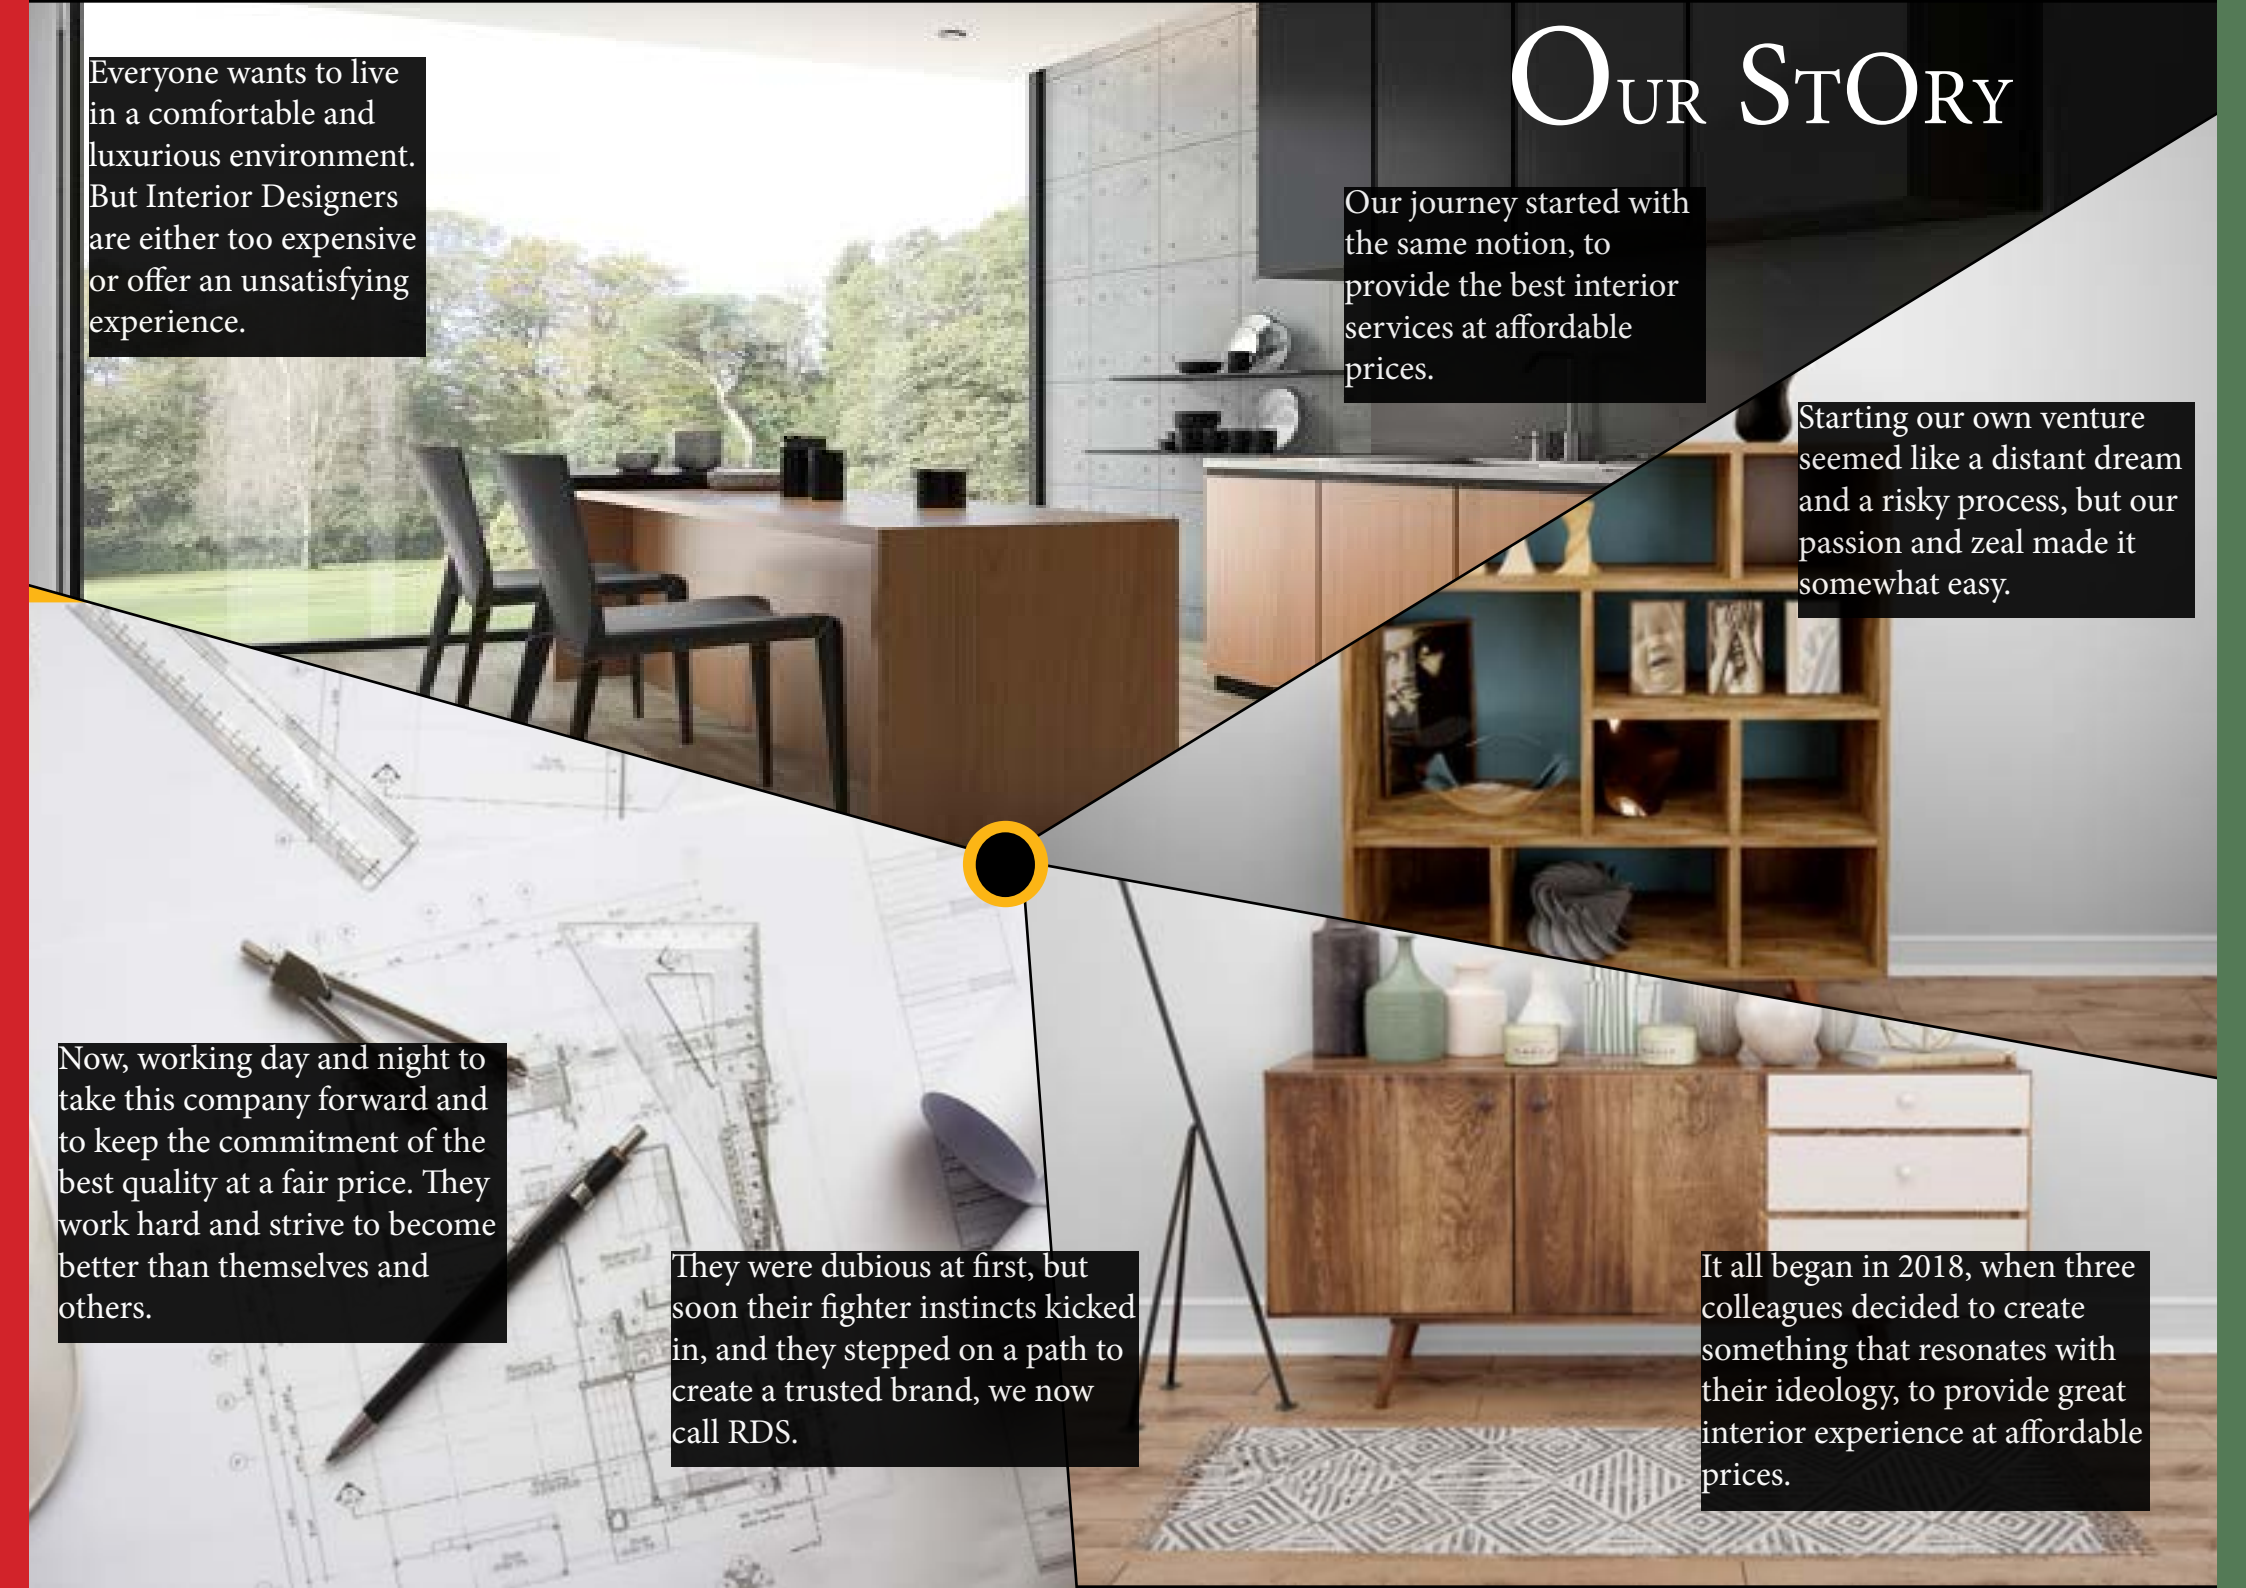

Our journey started with the same notion, to provide the best interior services at affordable prices.

Starting our own venture seemed like a distant dream and a risky process, but our passion and zeal made it somewhat easy.

Now, working day and night to take this company forward and to keep the commitment of the best quality at a fair price. They work hard and strive to become better than themselves and others.

They were dubious at first, but soon their fighter instincts kicked in, and they stepped on a path to create a trusted brand, we now call RDS.

It all began in 2018, when three colleagues decided to create something that resonates with their ideology, to provide great interior experience at affordable prices.

I N T R O D U C T I O N

RDS is a reputed interior designing company based in Noida, Delhi and Lucknow. We are the solution for your every interior related requirement- be it residential, official or commercial. We believe in creating beautifully detailed and functional spaces. We never compromise with the safety aspects and efficiency of our design. We nurture the bond with our clients with trust, hence we love to offer transparency and clarity in our approach. We also try to make every process fun and stress-free. We create the design, personalize every item, handpick the accessories and lighting to ensure that home reflects your personality.

It is not just us; trees have an equal part in this process. We appreciate their contribution and understand their vitality. Due to the immense usage of wood in this field, we make it a point to give a plant to each of our clients as a token of love for nature.
